

List of Equipments

<i>Item</i>	<i>Description of the equipments</i>	<i>Type</i>
A.	PUNCHING, DRILLING, CUTTING SYSTEMS	
1	FICEP Automatic CNC system for the processing of angles (punching, drilling, notching & shearing system) L45 – L100	A 20.36 NT
2	FICEP Automatic CNC system for the processing of angles (punching, drilling, notching & shearing system) L100 – L200	A 16.34 NT
3	FICEP Automatic CNC system for the processing of plates (punching & drilling system)	P 803 PN
4	VERNET Automatic CNC system for the processing of plates (punching & drilling system)	PG 116S
5	VOORTMAN CNC drilling and sawing system for the processing of Europrofiles HEA, HEB, HE, IPE, UPE, HEM, angles, pipes	V630/1000T
6	Angle grinder	GWS 24-180
7	Hydraulic Shearing machine # 16x2500	
B.	WELDING SYSTEMS	
1	CNC Thermal cutting system	OTC-12000
2	Electric welding equipments	TWIN 3S-350
3	AIR Liquide MIG-MAG welding equipments	Filcord 4000TS
4	CNC Plasma/Oxi – gaz cutting system	Torchmate USA
C.	MECHANICAL PROCESSING	
1	Cutting and milling system	AF-85-015
2	Universal milling machine	FU-36x160
3	Eccentric press	PAI-63 tf
4	Hydraulic press brake	PD-250 tf
5	Hydraulic press brake	PYE-250 tf
6	Drilling machine	GR-616
